### Marion County Pan Hellenic Society Enjoy Banquet

The members of the Marion County Pan Hellenic Society, the only organization of its kind in the state, enjoyed their second annual banquet last night at the Harrington Hall hotel.

The society had the exclusive right of the dining room and the long banquet table on which covers were laid for the thirty members had for its decorations small potted ferns, their green foliage being a pretty contrast to the snowy whiteness of the table linens. The banquet was served at six o'clock and the menu was as follows:

Grapefruit Cocktail  
Oysters on the Half Shell  
Celery  
Tomato Bouillon in Cap  
Cutlets of Bass, Tartar  
Long Branch Potatoes  
Small Tenderloin, Mushrooms  
Hashed Potatoes  
Green Peas  
Lettuce and Tomato Salad  
Ice Cream  
Cafe  
Roquefort Cheese  
Coffee

Rev. Bunyan Stevens was toastmaster and gave a very splendid talk on the Pan Hellenic Society and fraternities. Toasts were given by Messrs. T. T. Munroe, M. J. Roess, L. P. Wilson and Edward Anderson, their impromptu talks adding greatly to the evening. Mr. Anderson is only a pledged frat man and spoke from that stand point.

Attending the banquet were the following who compose the society which represents a number of the Greek letter fraternities: Rev. Bunyan Stephens, Dr. T. K. Slaughter, Messrs. Edward Green, R. L. Anderson, Sr., and four sons, Clifford, Robert Jr., Leslie and Edward Anderson, T. T. Munroe, M. J. Roess, H. B. Daniels, Norman Pratt, W. S. ### BOY LIFE GUARD'S

ANNUAL BANQUET  
Last evening the Ocala Life Guard's held their annual banquet at the home of the advisor, Roy B. Bowers. Never since boys have been boys have boys had a bigger better time than the Life Guards had on this occasion. The turkey and oysters and other delicious edibles had no showing before these lovers of life, tho they showed no mercy on the dead.

The boys furnished the goodthings themselves and Mrs. Duval and Mrs. E. C. Winston, wife of the assistant advisor, aided with the cooking and serving. Rook and other games were played throughout the evening.

Some of the "sisters" of the club had prepared a unique guessing contest. The winner, Ralph Cullen, received a beautiful O. L. G. pennant, letters of white on a field of red, these being the club colors.

The O. L. G. have regular meetings every Friday from 7 to 8 p. m. in the rooms in the Gary building, on the third floor. Next Friday several "Green horns" will receive the Tenderfoot degree. The boys plan to enlarge their work at an early date now that funds and assistance are available.

## WOMAN'S CLUB WORK

Mrs. J. M. Gross, Editor for January

So many people in Ocala have said the past week "This has been the most pleasant Christmas I ever spent."

Possibly it is because there has never been a time since we can remember when there was such cause for the exercise of human sympathy. The sufferings of the Belgians and our "brothers and sisters across the sea" have touched the hearts of the people. The chord of self had been smitten until it was easy to respond to calls to alleviate suffering and carry cheer into darkened homes around us, as was seen in the public Christmas tree of the civic committee, the well filled baskets of the King's Daughters, Epworth League and various Sunday school classes. Every one seemed striving to bring the light of happiness into sad eyes and joy and gladness to all.

This Christly spirit is beautiful; if it is worth while for one day or one week and the effort to cheer others has made us happy, why not abide in this comfortable frame of mind by doing our best to see that every soul in Ocala is given a clean environment in which to be born and in which to live? Is this asking too much of any one? Shall we not continue throughout the year the kind deeds begun on Christmas day, for as we do it unto the least of these little ones, so surely we do it unto Him.

If we are a little more thoughtful and considerate of others much suffering would be alleviated. For example, last summer I noticed the ice company asked through the papers that their patrons would take enough ice on Saturday to last until Monday. I saw the ice wagon pass every Sunday, so some failed to consider the need of the employee for a day of rest.

Five or six years ago the driver of the ice wagon brought me 25 pounds of ice. When I told him I always took 50 pounds on Saturday as I never took ice on Sunday, he answered with tears in his eyes, "If every lady did that I might have one day a week with my wife and baby." A week or two later I saw in the daily paper a notice of the death and funeral of his two-year-old baby, the only child. The article stated the little one had been ill for several months, that the casket was hidden by the fragrant floral offerings of loving friends. I remembered the tears and broken voice of the father when he said "I might have one day a week with my wife and baby," and thought if loving friends and neighbors had only broken the alabaster box of loving kindness while the baby lived instead of waiting until it was a frozen corpse, how much it would have meant to the grief-stricken father.

J. N. Brand, general superintendent of the Atlantic Coast Line railroad, and family arrived in Fort Myers today aboard Mr. Brand's private car, No. 307, which was attached to the noon train. Mr. Brand and family will spend several days in Fort Myers enjoying the wonderful climate of this section, Fort Myers being one
